From the Lunch Room

If you've been on the Lunch Program this last year, your status may have changed. Please check in with us before you get your food if you're unsure whether or not you'll need to pay.

Food Service Program Update

The Food Service Program implemented a new point-of-sale system this school year to help speed up the lunch line. Along with this, an on-line payment option will be available in the next couple months. Be on the lookout for a flyer that will explain how to set up your initial account. Having an account will allow you to view your child's transactions, make payments, and more! In the meantime, please be aware that lunch transactions are no longer available in PowerSchool. If you would like to receive your child's lunch transactions via email, fax, or U.S. Mail, please contact the Food Service Office at 780-1414 or 780-1412. Thank you for your patience during our transition.

The TMHS October Ethics Trait is Dependability

Do you value dependability in your friends, classmates, family, co-workers? How can you demonstrate dependability in your life? Why is this so important? Try to demonstrate your dependability in your classes, and point out to your teachers when you do!

Did you know? One in four Alaskans struggles with depression.

Students, please notice the posters in the halls on Depression Screening. You can go to a website or scan the QR code into a smart phone and take a private depression screen. If you have questions or concerns about depression in yourselves or others, please stop by the Teen Health Center. Only you can take the first step – we are here to help.
